

UNFPA NEPAL

SRH AND GBV COVID-19 RESPONSE

WITH DFAT SUPPORT

Distributed **3,672**
Dignity Kits and
Kishori Kits.

Distributed 22 different
sets of Inter-Agency
Reproductive Health Kits
and provided sexual and
reproductive health (SRH)

services to **4,225**
women and girls.

Reached **33,303**
pregnant and postnatal
women with
teleconsultation services.
Out of them,
1,462 women
received referral services
for obstetric and postnatal
complications.

Reached an estimated
5 million
people with sexual and
reproductive health
information through risk
communications
interventions.

670 women
provided with long-acting
reversible contraceptive
methods and family
planning counselling
through visiting service
providers.

1,623 people,
majority of them women
and girls, reached with
psychological first-aid and
counselling services.

Trained **1,245**
programme managers and
service providers on the
Reproductive, Maternal,
Newborn and Child
Health Guidelines.

Trained **375**
health service providers
and stakeholders of the
One-Crisis Management
Centers to strengthen
health response to
gender-based
violence (GBV).
